- Discipleship is the process of moving from:

Time, Patience & Commitment

- The only mission God gave us was to be disciples who make disciples.
- That should be the goal of every believer in this room.
- Did you come today to help make disciples of the people in here?

Time, Patience & Commitment

- Discipleship is a slow process.
- There are no shortcuts.
- It takes TIME. It takes PATIENCE. It takes COMMITMENT.

Which one do you lack?

Which one do the people around you need more of?

Is it hard?

Are there rocks in it?

It takes time, patience & commitment.

Between planting the seed and harvest, you and I have one role:

Water the seed by our faithful & consistent lives of faith

Pray for them and yourself

Be watchful & ready

- Are you watering others with your faithful and consistent life of faith
- What do the people in your life need from you?

Time. Patience. Commitment.

How will you help move people from unbelief to belief?
